Fabric Requirements

(Assumes 42” of usable fabric width.) You can make this quilt as large or small as you want. Each block finishes at 8” with 2” sashing. The quilt pictured takes 10 extra 10” squares to make, I used additional fat quarters from the same collection to complete my quilt. If you don’t have coordinating fabric to go with a layer cake you already have, you can make a borderless version with 6 rows and 5 columns.
