

Rapid Fire Hunter's Star -  
Petite Star Tool

Learn to confidently use Deb Tucker's Rapid Fire Hunter's Star tool. You'll be seeing stars in no time! Create stunning star blocks using strips and squares. We'll discuss how to customize the size of a Hunter's Star quilt and learn how to calculate the fabric requirements.

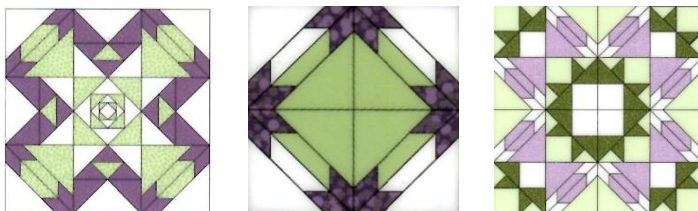

Take another look at the traditional Hunter's Star. Not only does the tool make it an easy block to create, it also plays nicely with other traditional quilting units. Let your imagination run wild as you think outside the box and combine Hunter's Star units with other units for stunning one-of-a-kind creations.

Not sure what to do with the units you've created in our class? Put them together in an optional project, a lovely wall hanging using three colors. We'll also investigate the endless possibilities of different settings and sizes using this one versatile tool.

**Pre-Class Cutting Instructions**

Although Hunter's Star units can be made in 2, 3 or 4 color combinations, for class demonstration purposes, we'll be making 3-color units with 2 different colors of background and one consistent star point color. ☺

Fabric	Size	Quantity
Background Fabric #1	8" x 8"	8 squares
	1 3/4" x WOF	3 strips
Background Fabric #2	8" x 8"	8 squares
	1 3/4" x WOF	3 strips
Star Points	2 1/4" x WOF	7 strips

**Fabric Requirements:**

- Background Fabric #1 - 1 1/2 yards (3/4 yd)
- Background Fabric #2 - 1 yard (3/4 yd)
- Star Points Fabric - 1 yard (3/4 yd)

\*Note: Fabric requirements are for the pictured wall hanging which includes borders and binding. Yardage required to learn the techniques and create the center blocks only is given in parentheses.

**Class Supplies**

- Studio 180 Design Rapid Fire Petite Hunter's Star Ruler - available for purchase on the day of class for \$26
- Design Sheet - included in class fee of \$6
- Fabric for class - You should come to class with fabric cut into strips and squares per the table to the left. FYI, pre-class cutting instructions don't include borders and binding.
- 6" x 24" or 6" x 12" Ruler
- Cutting Mat & Rotary Cutter (new blade suggested)
- Sewing machine, thread & bobbins
- General sewing kit - scissors, pins, seam ripper, machine needles, extension cord, etc.
