

Studio with Madge MAQ 2023 Supply List

Many folks sign up for Studio to continue work on current or previous MAQ classes. If you have done Studio before you will know what to bring. But if you are new or need a reminder, I have some suggestions:

Bring tools like rotary cutter, rulers and board. You might want to bring extra blades. Scissors and thread nippers might be needed.

Machine (if needed). Don't forget foot pedal, cord, instruction manual, and extra needles. Check your machine a few weeks before class and have it serviced, if needed. There is not a sewing machine repair person in the Studio.

Bring some handwork or cutting or "whatever" to do in studio in case your machine poops out or you need a break from the machine.

Bring patterns, fabric, etc. to work on your project or projects. There should be Wi-Fi available if your patterns, etc. are online, but you might want to double check about the Wi-Fi.

Don't forget a sheet to lay out blocks and/or some way to carry your accomplishments home.

You might want to bring some extra lighting. I strongly suggest you bring an extension cord for your machine. Irons will be provided by MAQ. No irons will be allowed in the classroom.

If you have any questions: Please contact me via email: quiltzig@comast.net. Put MAQ studio on the subject line.
