

Singapore Sling Jewel Table Runner 24 x 39 inches

Instructor: Karen Kehl

Love the look of jewels but don't know where to start? Or are you a quilter who loves curves and is ready for a new challenge? This class will teach you to make a Singapore Sling quilt block, which makes a beautiful table topper, wall hanging or pillow top. If you fall in love with the block, you can make more and make a Singapore Sling quilt. This class is best for a confident beginner with experience sewing curved blocks, or a more experienced quilter. The class will cover everything from cutting out the pieces with 3D printed templates, to piecing the Singapore Sling block, to binding. We will discuss options for quilting and finishing your pieces.
