

I have been quilting for over 42 years. I started my journey hand quilting and piecing. As quilting and technology evolved, I continued to learn and grow. I took my first Free Motion Quilting class over 26 years ago (on a domestic machine) and moved to a longarm over 23 years ago. Highview Quilts is my business where I offer custom and edge-to-edge longarm quilting. A client of mine gifted me my first Stripology Ruler about 6 years ago and I fell in love with GE Designs patterns and products. I became a Certified Stripology Instructor in 2024. I currently teach Stripology Patterns, Beginner to Advanced Free Motion, Ruler Work, Longarm, and Prostitcher Classes. I teach at local quilt shops, guilds, and shows all over the country.
